Meeting the needs and interest of 21st Century learners

Asia is forecast to be a growth engine for self-paced eLearning within this decade*. This prediction is in line with Asia Pacific workforce learning trends**

Learners prefer:
- Interactivity
- eLearning (because its flexible, mobile and convenient)
- Learning at their own pace
- Accessing materials on mobile devices

Employees access online learning anywhere!
- Offices
- At home
- While commuting

To help meet these 21st Century learner needs, myHD Learning Space aims to:
- enable access to learning to diverse learners
- provide flexible and interactive learning programs
- ensure that learners can fit training and development in their busy schedules
